

Application No. 10/634,152

Atty Docket No. MLSE 1034-1

REMARKS

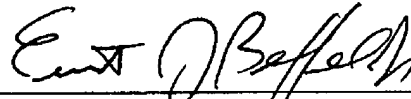

The applicants have submitted the following amendments to the specification in response to the Notice of Drawing Inconsistency with Specification mailed 29 March 2006. In accordance with the Notice, applicants have provided a description of Figures 2 and 4 to be listed under the heading **BRIEF DESCRIPTION OF THE DRAWINGS**.

A Notice of Allowability allowing claims 1-17 was received by the Applicants in this application, and the Issue Fee is due on 22 May 2006. Accordingly, this amendment is being filed to amend the specification. This amendment adds no new matter, and does not materially alter the application. Entry of this amendment to the specification is respectfully urged because it merely cures a minor inconsistency in the description of the drawings and does not touch the merits of this application.

The undersigned can ordinarily be reached at his office at (650) 712-0340 from 8:30 a.m. to 5:30 p.m. PST, Monday through Friday, and can be reached at his cell phone at (415) 902-6112 most other times.

Fee Authorization. The Commissioner is hereby authorized to charge any fees associated with this communication to our Deposit Account No. 50-0869 (MLSE 1034-1).

Respectfully submitted,
